

NGAUS 101

NGAUS SUPPORT OF STATE ASSOCIATION AND TAG STATE EVENTS

Each year, members of the NGAUS full-time staff and board of directors participate in a wide variety of state association and adjutant general leadership events.

Because most states hold their association conferences in the spring (sometimes as many as 5-6 on one weekend), please submit your request for NGAUS participation early (as soon as you have a firm date for your event). NGAUS funds these visits, so there is no charge to the states.

Some of the participation options include; presentation of leadership perspectives from the NGAUS chairman of the board, VP Army or Air, the NGAUS president, legislative department, industry, membership, museum, and more. At times, several NGAUS staff may attend your conference depending on the desires of the state. Our goal is to provide the support that helps your conference attain its objectives, and to communicate the programs and activities NGAUS is promoting on behalf of our members.

The State Conference Support Request Form (Attachment 1) will help facilitate NGAUS support of your conference. Fax this form to the number indicated to initiate the coordination process.
